Tracksy

Under the Hood

How it works

- Items
 - Stuff you want to track - People, Assets, Goods, Orders, anything identifiable
 - Added manually or pulled from ERP
- Checkpoints
 - Places - rooms, cabinets, shelves
 - Gates
- Events
 - Item appears or disappears in a place
 - Items passes by or through a gate
 - Inventory counting
 - Tracked in Tracksy DB, optionally pushed to ERP or pulled by ERP

How it works
